THE PLACE WE LOVE IS WORTH PROTECTING

Practical leadership means responsible growth, transparent decisions, disciplined spending, and support for local businesses. I chose Mead to raise my daughters and will protect the small-town character that makes it home.

LEADERSHIP THAT LISTENS

ROOTED IN MEAD. READY TO SERVE.

Leadership starts with listening. I will keep Mead residents at the center of every decision and work to ensure Board priorities reflect our community's needs.

BUSINESS DISCIPLINE. DEPENDABLE RESULTS.

Running a successful small business requires honest communication, strong problem-solving, adaptability, resilience, and reliable results. I will bring that same approach to Town Hall.

MY COMMITMENT. OUR FUTURE.

1 RESPONSIBLE GROWTH

Data-driven growth that matches infrastructure capacity and reflects community priorities.

2 VALUE FOR EVERY DOLLAR

Disciplined budgets, enforce contracts, and protect reserves.

3 TRANSPARENT DECISIONS

Communicate early, welcome input, and explain every decision.

4 A BETTER PATH FOR SMALL BUSINESS

Clear processes, simple requirements, and strong local businesses.

MUNICIPAL EXPERIENCE. PROVEN PERFORMANCE.

As the owner of a Mead construction company, I have completed public projects for Lakewood, Arvada, Adams County, and CDOT. I bring hands-on experience with public contracts, budgeting, scheduling, quality control, and contractor accountability.
